Our Wine List

CAPTAIN'S LIST

HUNDRED ACRE

All Hundred Acre wines are made by sorting the fruit berry by berry, fermenting in small French oak fermenters, and long aging in the finest barriques. The secret to Hundred Acre is no compromise and no detail overlooked, ever.

The 2015 vintage will forever be defined as the height of the drought in Napa Valley. The vines were under tremendous stress with a warm, long growing season and very limited access to water. These drought conditions led to small berries, tight clusters and tremendous concentration. Unfortunately, these conditions also led to significantly lower yields than the 2014 vintage.

Ark Vineyard..... 575
2015 - RP 100

The single estate vineyard ARK is located just outside St. Helena, California at the base of Howell Mountain. It was originally planted in the 1880s, but was sadly lost to Prohibition. It took Hundred Acres five years to rebuild, and is their pride and joy.

MERRYVALE PROFILE

Profile 345
2014 - RP94
85% Cabernet Sauvignon, 10% Petit Verdot, 5% Cabernet Franc

The level of flavor, color and intensity in the fruit from the Profile Estate Vineyard is truly exceptional. With 2014 being a warm vintage, it was important to not over-expose the fruit and make sure to pick before any late season hot weather. This allowed the winery to preserve the freshness and intensity of the fruit. Once in the cellar, the fruit impressed with its freshness and balance. Fermentations were healthy and the result is a wine of great depth and elegance. The oak is well integrated, featuring supple, very fine grain tannins. Decant this wine in its youth; it will reach a nice level of complexity 8-10 years from vintage, and, with proper cellaring, its depth and very fine tannins will continue to develop over the next 10+ years
